

Stratus Healthcare continually strives to achieve excellence in patient safety!

Understanding how our front-line clinicians perceive the level of effectiveness that exists at Stratus Healthcare during delivery of care, and on an annual basis we voluntarily participate at a national level in the Agency for Healthcare Research and Quality (AHRQ) Culture of Patient Safety Survey.

Here's How We Measure Up:

Stratus Healthcare:

This report reflects an Average % of Positive Responses by Behavioral Category. The results for Stratus include eight facilities that are early adopters of the AHRQ survey. This sets a baseline for Stratus as a whole.

Stratus to the Nation:

Ten out of 12 Categories had favorable results. Eight Out-Performed the Nation and Two were equal to the Nation. Two areas results were unfavorable and below the Nation and they were Communication/Openness and Staffing.

Stratus to The State of Georgia:

All results compared to the State were favorable. Three Out-Performed and Three were equal in results.

National Culture of Patient Safety Survey

Average % of Positive Responses compared to the Nation and Georgia

Aggregate N = 7898 respondents ■ Stratus ■ National □ Georgia
